

YLPMSAA Ying Yip Primary School

2017 - 2018

Name: Chan Mung Shun, Melina

### **My reflection of Singapore Study Tour**

Hi everyone. I'm Melina from Class 6D. I would like to share with you about my 5-day visit to Singapore in January.

On the first day, we arrived at Singapore at noon. Then we went to the Merlion Park----the landmark of Singapore. The Merlion Statue was an outstanding creature.

On the second day, we visited Yew Tee Primary School. I met my buddy Ming Yu there. She was nice! In the afternoon we visited the Science Centre. There were many different kinds of fantastic exhibitions.

On the third day after the school visit, we visited Chinatown, Gardens by the bay and the Marrina Barrage. The flowers at Gardens by the bay were very beautiful!

On the fourth day, my buddy Ming Yu and I exchanged our gifts. Before we left the school, we performed the dance and it

was a great success. Then we said goodbye to our buddies. After lunch, we went to the Singapore Zoo. I took many photos of the cute animals.

On the last day, we went to the NeWater Centre. There was a guide telling us about NeWater. We also drank the NeWater and it was clear! Then we went to a Chinese restaurant to have lunch.

Finally, we rushed to the airport and we took the flight back to Hong Kong. I was excited to see my family again but I really miss Singapore. I hope I can go there again.
