

YLPMSAA Ying Yip Primary School

2017 - 2018

Name: Man Hoi Ching, Sammi

My reflection of Singapore Study Tour

In the Singapore study tour, I think I could do better because I did not always speak in English to my groupmates and my group leader. I am very sorry about that. I treasured this study tour because only fifteen students of our school could join it.

During the tour, I learnt more about the cultural background and history of Singapore. For the sightseeing places, I like Gardens by the Bay best because there were different kinds of colourful flowers. I thought it was a wonderful place.

I also visited Yew Tee Primary School during the tour. I made friend with my buddy, Gerlynn. She was nice as she always took care of me. Therefore, I gave a special gift to her. Finally, I want to thank for the teachers because they gave me a chance to join the tour. Thank you Miss Ng, Miss Lam, Miss Lau and Mr Leung.
